Bright Crystal Perfume

By VERSACE FOR WOMEN

PLAY VIDEO

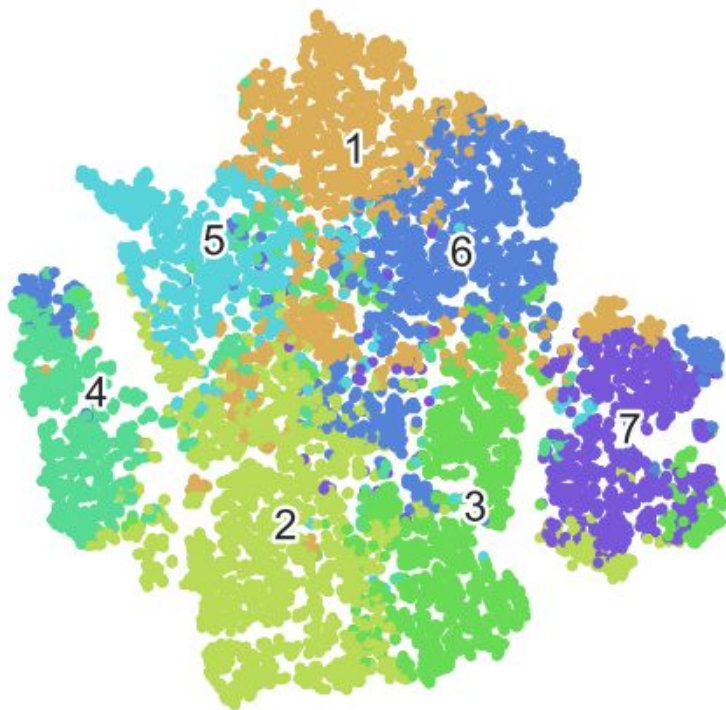

Bright Crystal Perfume by Versace, A beautifully fresh and lush fruity floral scent that's perfect for spring and summer, Bright Crystal layers shimmering blooms, radiant fruit and aqueous accords over a sensual woody amber base. The opening is a delicately tantalizing effusion of pomegranate and tart-sweet yuzu fruit mingled with a hint of frost. Aqueous florals embrace the heart, merging the lush intensity of lotus and sweet magnolia with freshest peony. A warmer base combines precious tones of acajou wood, amber and light musk to leave an ethereal, uplifting trail.

This soft fruity floral scent was created by master perfumer Alberto Morillas. The scent was released by the Italian label Versace in 2006, followed by the sweeter and more intense flanker Absolu in 2013. Other popular floral compositions by the brand include the citrus white floral Eros Pour Femme (2014), the musky amber floral Eclat de Rose (2019), the white floral amber Couture Jasmine (2014) and the powdery citrus floral Yellow Diamond (2011). **All products are original, authentic name brands. We do not sell knockoffs or imitations.**
